West Kelowna Health Centre

160 – 2300
Carrington Road
West Kelowna, BC
250-980-5150

Vaccines are provided free for kindergarten-age children

Children starting kindergarten need the following vaccines:

- **booster dose of diphtheria, tetanus, whooping cough and polio**
- **second dose of chickenpox (varicella)**

**If your child has not already had
these vaccines,
please phone your local Health Centre
to book your child's appointment**

IMPORTANT

Your child should come to the appointment with a parent or legal guardian. If this is not possible, please contact the local public health nurse before your appointment to discuss the consent process.

**For more information on immunization please visit
www.interiorhealth.ca > Your Health > School Health
and
www.immunizebc.ca**
